Alexandria, VA 22312

MTSI is an 100% employee-owned engineering services and technology solutions company delivering first-choice capabilities to solve problems of global importance. Our mission is to make important, lasting contributions to the nation's defense, security, and most technically challenging strategic problems. Founded in 1993 by two retired Air Force engineers, we have achieved stable growth and have been recognized for our core values and commitment to our customers' success.

MTSI is a small business that has grown to over 800 employees with seven strategically located offices and additional client sites across the country. More than 95 percent of the MTSI technical staff has advanced degrees predominantly in engineering, physics, mathematics, and operations research. Most employees (>98%) hold at least a secret security clearance; of these, 78 percent hold a Top Secret (TS) clearance with 37 percent holding TS/Sensitive Compartmented Information (SCI). MTSI serves a diverse customer base that includes multiple government agencies and offices as well as numerous industry clients.

U.S. Air Force (USAF)
U.S. Army (USA)
