- **NASA George M. Low Award for Quality and Excellence**
- **NASA Goldin/Stokes Mentor/Protégé Awards**
- **NASA DFRC Minority Contractor of the Year**

**Analytical Services and Materials, Inc. (AS&M)** is a dynamic R&D company that has a reputation for technical excellence. Established in 1983, AS&M is a minority, woman owned Small Business. The company headquarters is located in Hampton, Virginia.

AS&M has the expertise in: information technology, aerospace, wind tunnels, computational fluid dynamics, structures and materials, fatigue testing/damage tolerance, and atmospheric sciences.

AS&M is a developer of innovative sol-gel coatings and also a CFD software called PAB3D.

AS&M also has a 3D Visual Image Correlation expertise.

- Have experience working with NASA, US AF, Navy, Army
- Provide Engineering Services through GSA PES contract.
- We are a GSA OASIS SB Contract Awardee under Pool 3.
- Our industry customers include Lockheed Martin, Boeing, Raytheon, ATK, Jacobs, General Electric, Rolls Royce, Pratt & Whitney, Goodrich, and several universities.

AS&M currently supports NASA Langley through 4 contracts:

- Center Maintenance, Operations, and Engineering
- Technology, Engineering, and Aerospace Mission
- Langley Information Technology Enhanced Services
- Basic & Applied Aerospace Research & Technology

We have 2 Prime Contracts with DOD:

- Aerospace Validation at WPAFB in Dayton, OH
- Support Navy SBIR Program office, Patuxent River, MD.

Additionally, AS&M held a 13-year prime contract at NASA DFRC (1995-2008) and a 10-year subcontract with Jacobs Technology to support NASA Langley (2004-2014).
