ABOUT US:

SCCI is a small business providing a full spectrum of services often required of complex systems and has been providing many of these services for over 40 years. Our long-standing relationship with DoD clients provide SCCI with a keen understanding of the DoD acquisition process and the support required for military systems development and sustainment. Our workforce is comprised of more than 300 highly skilled engineers, developers, and training professionals distributed among our many office locations across the country situated to provide immediate, direct support to our clients.
